Oct. 10, 2011 5:00PM
Location: 3400 Aeropark Road, Vienna, Ohio 44473
Parking: Available in front of plant
Dress code: No open toe shoes

Delphi Plant 47 began operation in October of 2002. Since that time, it has become a world class injection molding facility, winning the ***Shingo Prize for Excellence in Manufacturing*** in 2005. With over 100 automotive customers and 1,660 part numbers, Plant 47 ships 2.3 billion parts annually with single digit PPM (parts per million) quality performance.

Plant 47 utilizes a 7 day continuous run operation with 170 molding machines (55 to 70 ton capacity). Production is run over 1,580 tools using 114 resin compounds. Plant is climate controlled and uses many error-proofing systems such as closed loop machine controls, preventive maintenance IT scheduling system, bar code label scanning, and proactive FTQ (first time quality) data analysis.

***Shingo Prize**
