September 2007

Membership Meeting – September 10, 2007

Join us for the first meeting of the 2007-2008 year. The meeting will be held, as usual, on the second Monday of the month at Café 422. All members are invited and anyone else interested in the quality field. Please feel free to invite your associates.

Attend the presentation and the technical meeting at no charge. Dinner is just \$15.00 for members with prior reservations, and \$17.00 for non-members and those not making a prior reservation. To make your reservations, please e-mail jwwaid@earthlink.net **before Noon on Friday September 7th**. This can be fast and easy if you just click on the address and when your e-mail form comes up, just put in your reservation(s).

5:00 – 6:00 PM Pre-Meeting Technical: The first topic this season is “Comparison of Two Samples,” presented by Doug Sewell of Doug M. Sewell Associates Inc. This practical how-to session will focus on several techniques useful when comparing two sets of variables sample data, such as the output of two identical machines or the comparison of two batches of the same material. Some simple visual techniques will be demonstrated. Then we will explore various methods of using the Student’s t Distribution. Both manual methods and the use of PC spreadsheets will be covered.

Doug Sewell has over 40 years experience in quality and performance improvement. An independent consultant since 1992, Doug specializes in quality and performance improvement methods, helping companies with significant profitability and customer satisfaction issues.

Dinner will be at 6:00 – 7:00 PM.

Presentation at 7:00 PM Our dinner meeting topic is “ID Thief” and the speaker will be Matt Hellman from Attorney General Marc Dann’s office.

Have a Big Problem? Need Help?

In order to provide more member value, the Youngstown-Warren Section will offer targeted assistance to members who need help with major quality-related issues at their plant. Here’s how we see it working:

1. You tell us your big problem,
2. We investigate and gather the necessary details,
3. The Section Leadership Committee reviews the data and develops alternatives,
4. Recommendations are presented for problem resolution.

This program enables Section leadership to use their more than 100 years of diverse quality-related experience to help members improve their quality program.

Doug Sewell will present the program in more detail at the beginning of the pre-meeting technical session (5:00 PM) during the September 10th meeting. The program is still in its initial stages. Come and ask questions and give us your input during the meeting.

Let’s make this program work for you!

If you can’t make the meeting, or have burning questions that cannot wait, contact Doug Sewell at (330) 219-4162, or e-mail to dmsewellassoc@cs.com.rk).
