### Note From The Education Chair

MoreSteam partners with ASQ National and numerous universities and is the premier supplier of continuous improvement training. While serving as a Lean Six Sigma Master Black Belt at Babcock & Wilcox we often used MoreSteam resources as part of our Lean Six Sigma training program, and I can attest to the excellence of their training. The Section worked with MoreSteam to provide this customized training tailored toward our section’s quality professionals. Lean beginners will learn sound fundamentals, and experienced practitioners will get an excellent refresher while picking up invaluable tips and insights.
